Hej!  
Snabbt svar från Jouko. Vi kan väl lägga in datum!  
Birgitta

Hej vänner!

Yes! Our Day Of Diving is 20.-22.5.2022. We are "married with Turku town" and they want to arrange their "Opening the River Harbor – event at this week end and we have 10 years been a part of this event. This means that Turku takes care of the information and all this kind of systems.

We do not know the whole program, but it is ready in January.

Lecturers are very welcome! In fact I hope some "starange stars". I believe, that lecturers from all the countries have much to tell.

In May we have a very good picture of the beginning of professional diving in Finland, so it is one of the lectures.

Best Regards and a very good Christmas time!

Jouko Moisala

Hej kära vänner.

Someone told me about a meeting next year in Finland. If it is opened for us we very much want to put it in our Signallinan which is about to be printed.

Please let us know.

Love from Sweden and SDHF/Birgitta
